Welcome to **Football Highlights & Clips** (also referred to as **Football Highlights & Clips** or **FC**, "we", "our", or "us"), developed by **Dirza Aulia**. Football Highlights & Clips is available across Android and Web platforms (fc.dirzaaulia.com) to provide football video highlights, match scores, and schedules.

We respect your privacy and are committed to protecting your personal data. This Privacy Policy explains how our service collects, uses, and safeguards information when you use our application.

1. Information We Collect

We aim to collect the absolute minimum amount of data required to deliver a seamless experience across your devices:

- **Account & Sign-In Data:** If you choose to sign in with Google (via Google Credential Manager or OAuth), we receive basic public profile information (such as your email address, display name, and unique user ID) provided by Google. This data is handled securely via **Supabase Auth**. Signing in is strictly used to link and sync your lifetime or active Premium ("Remove Ads") purchase across multiple devices.
- **Purchase Data:** When you purchase "Remove Ads" via Google Play Billing or our Web platform, transaction and receipt validation data are processed securely via

RevenueCat. We do not store or process your credit card or financial details directly.

- **Device & Usage Data:** When running the app, basic non-personally identifiable diagnostic data (such as OS version, device model, and crash logs) may be gathered via **Firebase Crashlytics & Analytics** to help us troubleshoot errors and improve performance.

2. Third-Party Services & Integrations

Our application integrates with reputable third-party service providers who may collect information used to identify your device:

AUDIT REQUIREMENT: YouTube API Services & ToS Agreement

YouTube API Services

Football Highlights & Clips uses **YouTube API Services** to display official match highlights and video recaps from verified broadcaster and club channels. By using Football Highlights & Clips, you agree to be bound by the [YouTube Terms of Service](#).

Please refer to the [Google Privacy Policy](#) for information on how Google collects, uses, and protects your data.

Data Accessed & Stored: Our application accesses public YouTube video metadata (such as video IDs, titles, channel titles, publication dates, and durations) via YouTube API Services strictly to match and display official football highlights alongside fixture details. We cache public video metadata on our secure backend database solely for performance optimization and API quota management. We do *not* download, record, or distribute raw video or audio files, nor do we access, collect, or store private YouTube user data.

Advertising (Google AdMob & Google AdSense)

We use Google AdMob (on mobile) and Google AdSense (on web) to display advertisements. Google may use advertising IDs and cookies to serve personalized or non-personalized ads. You can opt out of personalized ads at any time by visiting [Google Ads Settings](#).

In-App Purchases (RevenueCat & Google Play)

We use RevenueCat to manage entitlements and validate receipts for digital purchases. For more information, consult [RevenueCat's Privacy Policy](#).

Backend & Authentication (Supabase)

User sessions and entitlement verification are securely powered by Supabase. Data is encrypted in transit using HTTPS/TLS. View the [Supabase Privacy Policy](#).
